

Welcome to Esters!

I fell in love with wine for many reasons, but mostly because of the stories behind the bottles. Our shelves are filled with wines made by smaller producers, whose stories I know and love.

Many people are intimidated by wine. I want to change that. The truth is, it's just grape juice. It doesn't matter what you know. Just start talking to us. Or we'll start talking to you! Do you like full-bodied wine, or lighter styles? Do you like something more earthy or fruity? What's your budget? Let's have a chat.

The wines on our walls (and in the first part of this book) are separated by style. There's a separate section for our cellar bottles. (Something extra special for THAT kind of night.)

If you fall in love with a wine on our list, you can take it home. Nearly all our bottles are available in the retail shop.

So whether you're a novice or a Master Sommelier, I hope you'll find something unique to enjoy.

Cheers!

# Farming Matters!

Over the past couple of years, we've been making steps for a healthier planet and focusing on the farming behind the bottles on our shelves. All wines coming into Esters come from chemical-free vineyards, but we're all about finding winemakers that go above and beyond by implementing one or more of the following practices.

**Organic (CO)** - Farming without the use of chemical fertilizers, pesticides or other artificial agents.

**Practicing Organic (PO)** - Follows the above practices, but doesn't have official certification from their country, as this can be a very expensive process for small farmers and winemakers. They're still doing the important work though!

**Biodynamic (B)** - A holistic, spiritual way of farming beyond organic. Everything in the vineyard is interconnected, working in harmony with the sun, the stars and the moon.

**Dry-Farmed (DF)** - Vines cultivated without irrigation. Farmers plant a variety of drought-resistant cover crops that are mulched into the land during rainy periods.

**No-Till (NT)** - Farming without tilling or plowing. This method doesn't disturb the soil or leave it bare. It decreases erosion, runoff and weeds, AND it's a way of sequestering carbon.

**Regenerative (R)** - A way of farming that renews and heals the land. It builds soil fertility, ecosystem diversity and draws carbon down from the atmosphere through cover crops, crop rotations, compost and animal manures. This method incorporates ALL of the other farming tenets mentioned above, and it's one of the key ways to reduce global warming.

## SPARKLING

### **I Clivi, 'RBL' Brut Nature, Friuli, Italy 2022 CO 72**

This sparkling wine comes from Friuli-Venezia Giulia, but it's not Prosecco. iClivi's 'RBL' is made from 100% Ribolla Gialla, an Italian white grape variety that is known for its bright acidity and fresh fruit flavors. Ferdinando Zanusso adds fermenting must to the still wine, producing a dry sparkling with delicate bubbles and mineral undertones. Simply delicious! Ferdinando founded iClivi when he returned to Italy after thirty years and three different careers in Africa, including a stint in the United Nation's World Food Program. His son Mario joined just after its inception and is involved in all aspects of the organic farm. Together they make some of the most elegant wines in Friuli.

## WHITE

### **Wagner Von Wolgemuttheim, 'Konigslay' Riesling, Mosel, Germany 2021 PO 78**

This small winery in the Mosel has been in family hands for 8 generations. Situated in the tiny village of Merl on the lower Mosel ("Terrassen-Mosel") which winds from Pünderich northwards to Koblenz, where it flows into the Rhine river. The focus is on Rieslings from the steepest of Merl's slopes: Fettgarten, Stephansberg, Königslay, Adler and Klosterberg. Although they've been producing wine for hundreds of years, since 2015 they have been dedicated to organic viticulture and natural winemaking. This is not the norm here! 'Konigslay' is one of the best vineyards in the area, with impossibly steep slopes. The resulting wine shows the intensity and purity of this site. Gorgeous!

## RED

### **Matthiasson, 'Matthiason Vineyard' Schioppettino, Napa Valley, California 2021 PO 128**

Steve Matthiasson dreamt of farming his entire life. He became an obsessed gardener and cook while studying philosophy in college. In 1994, while back in grad school for horticulture after three years as a bike messenger/wannabe farmer, he found a job in vineyards and orchards working for a small sustainable agriculture consulting firm. In 1999 he co-authored the California manual on sustainable vineyard practices. In 2002 he started consulting on vineyard practices in Napa. He still loves the challenge of solving vineyard problems for others, but since 2003 the primary focus has been working with his wife Jill on their own family farming and winemaking. Today he is a leader in Regenerative practices in Napa.

### 2024 Resolution: Drink More Champagne!

We love Champagne here at Esters. Yes, it is perfect for celebrations, but it is also an iconic, delicious WINE for any occasion. It goes with anything you want to eat and it just feels fancy. Simply popping a bottle of Champagne makes any day a good day.

One of our 2024 resolutions is to DRINK MORE CHAMPAGNE - and we want you to join us. We are taking a hint from some of our favorite wine bars by slashing prices on Champagne bottles on our list for all of 2024. Here, we are proud to offer some of the best deals in town for exceptional Champagne.

Cheers!
